

ISG Provides DCA Scholarships to our ISG Global Community

The International School of Gemology is pleased to announce a new scholarship program that will bring the world-class educational courses of the Diamond Council of America to all active ISG Students and Graduates. This important step in our long term plan to bring you the finest educational opportunities in the industry was established at the JCK Las Vegas show where the ISG formally joined the Diamond Council of America. As part of our commitment to the success of our ISG Global Community Members, the ISG is offering a \$25.00 scholarship to all active ISG Student and Graduates who enroll in DCA training courses.

This scholarship is being provided to you because we believe the DCA sales training programs are crucial to the success of our ISG Global Community members.

To enhance the opportunity and make signing up for DCA classes easier, the DCA has provided the ISG Global Community with a special portal to the program on the front page of the DCA website.

All active ISG Students and Graduates can use this special portal to access the DCA courses and take advantage of the ISG scholarship toward your continuing education. The information on how to access the portal is available from the links on your ISG Student Home Page, or through the ISG Graduate Home Page.
